FISH LADDER NOT DELAYED

Will Be Built as Soon as Right-of-Way Is Secured.

An Oregon City dispatch to the Portland Journal is devoted to criticism of Fish Warden Van Dusen for his alleged failure to hasten construction of the fish ladder at Willamette falls. It is claimed that Mr. Van Dusen has not been showing the proper interest in the matter and that the delay in the work will cause its postponement for another year.

Mr. Van Dusen was asked yesterday about the matter. He said that the fisheries department was getting things in shape as rapidly as possible, and that the delay in commencing work was due to the inability to sooner secure the necessary right-of-way. The island on which the fishway is to be built belongs to the General Electric Company, which has signified its intention of granting the right to the state. Of course, the right could be secured through condemnation proceedings, but this would be an expensive and unsatisfactory method to pursue.

At the present time the attorney for the company is in San Francisco, and until he returns it will not be possible to secure the right. However, Mr. Van Dusen expects to award the contract during the coming week. The lowest bidder for the work was Ernest P. Rands of Oregon City whose price is \$2600. He writes that he will be able to complete the work in 60 days if weather conditions are favorable. There has been no unnecessary delay in this matter, and the statement from Oregon City to the contrary is an incorrect one.

MRS. IDA McDONALD,
Supreme Deputy of the Maccabees of the World.

MRS. McDONALD, No. 477 Beaubien Street, Detroit, Mich., is a prominent woman who was greatly benefited by the great woman's medicine, Wine of Cardui. Mrs. McDonald is the supreme deputy of the Maccabees of the World, and one of the most widely known women in the United States. Thousands of women gather to hear her lecture everywhere she goes. The great work she has done for the Maccabees is appreciated by every member of the order. She was so absorbed in her work that she neglected to give her health the proper care—failed to take anything that the symptoms of the great woman's medicine, Wine of Cardui, would give her. But Wine of Cardui cured her the same as it has cured thousands of others and Mrs. McDonald has written this letter in order that other suffering women may secure from Wine of Cardui the same relief she got from it.

Mrs. Ida McDonald.

that I must do something to regain my health. A friend advocated your Wine of Cardui treatment so strongly that I decided to try it, although I had little faith in patent medicines. I am now very thankful that I did so, for within ten days blessed relief came to me, and in less than three months I was cured, and have enjoyed fine health ever since. I know there is nothing better for a sick woman who wishes to enjoy perfect health and am very pleased to give my hearty endorsement.

No suffering woman can afford to ignore such a letter as Mrs. McDonald writes. Her plans and advice have proved valuable in building up one of the greatest women's organizations in the United States and she takes time to give advice which she knows will help you.

Do not delay in securing this medicine. There is nothing to gain and everything to lose by delay. The choice is before you. Will or will you not secure relief now by taking Wine of Cardui? All druggists sell \$1.00 bottles of Wine of Cardui as well as 25c packages of Theodor's Black-Drageat.

"For four years I suffered with torpid liver until my skin looked yellow and dull. I then found my kidneys were affected and had severe pains across my back, and I felt
